Meyve Bahçesinde Hasat Oyunu

İşte yaz geldi. Birçok meyve bahçesinde hasat zamanı.
Haydi sen de bahçeni seç ve meyvelerini toplamaya başla.

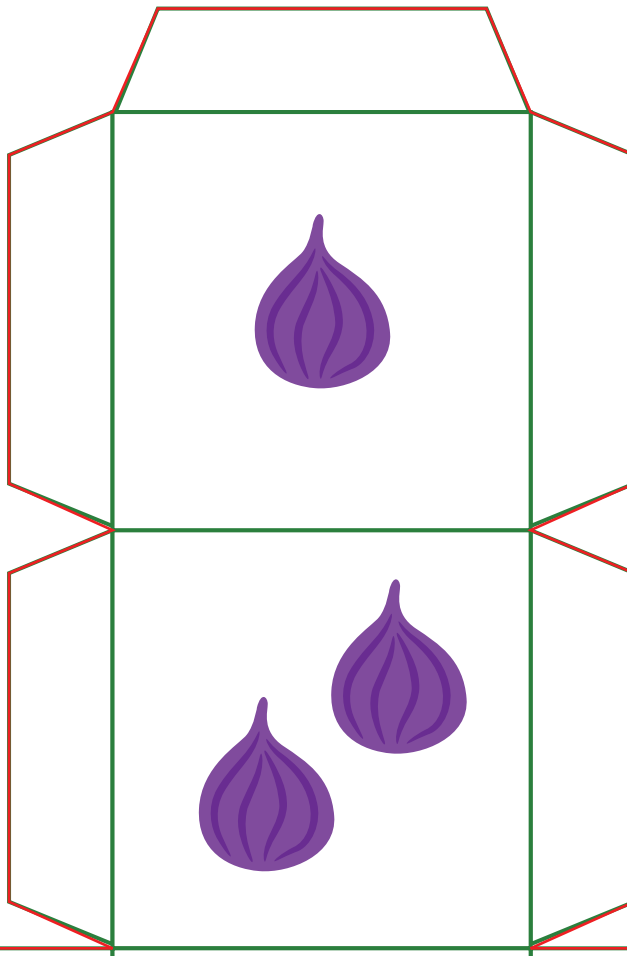

1. Meyve Bahçesinde Hasat Oyunu iki kişiyle oynanır.
2. Oyunu oynamak için arkadaki oyun alanı, dergimizin ekinde verdiğimiz meyve pulları ve zar gerekir.
3. Meyve pulları oyun alanındaki ağaçların üzerine koyulur.
4. Oyuncular şeftali ya da incir bahçelerinden birini seçer. Oyun boyunca seçtikleri bahçenin meyvelerini toplarlar.
5. Oyuna kimin başlayacağına karar verilir.
6. İlk oyuncu zarı atar. Zarda gelen meyve sayısı kadar, seçtiği meyve bahçesindeki meyve pullarından alır. Örneğin şeftali toplayan oyuncunun attığı zarda iki şeftali resmi gelirse oyuncu kendi bahçesinden iki şeftali pulu alır. Sonra sıra diğer oyuncuya geçer.
7. Zarda diğer oyuncunun meyve bahçesinde olan meyve gelirse zar atma sırası diğer oyuncuya geçer.
8. Meyve bahçesindeki meyvelerinin hepsini ilk toplayan oyuncu oyunu kazanmış olur.
